Happenings of Interest from Different Sections.

Miss Eleanor Cummings, a specialist in physical education, engaged in Y. V. C. work and in charge of departments of hygiene in Wellesley college and Northfield seminary at Northfield, Mass., previously, has been engaged as physical instructor at the University of Vermont for the coming year.

Donald E. Carey of Greenfield, Mass., pleaded guilty in Brattleboro this week to having two black bass in his possession less than 10 inches in length, which he took from Sunset lake. He was fined \$15 and costs of \$9.65, which he paid.

A serious automobile accident occurred near Enosburg Falls Saturday when a Ford car owned by Chester Clarke of South Franklin turned turtle, pinning beneath it eight persons. Two of them were seriously injured. Mr. Clarke, who was driving, suffered a broken collar bone, and his seven-year-old daughter was unconscious for a long time and is not expected to live. The party was on a berry picking expedition. Something went wrong with the steering gear on a curve of the road.

Bids Asked for Road Construction. Sealed proposals will be received at the office of the state highway commissioner, Montpelier, until 2 o'clock p. m., Tuesday, August 10, and then publicly opened and read, for the construction of 40.7 miles of waterbound macadam road in New Haven, Waltham and Ferrisburg; 71 miles of waterbound macadam road in the town of St. Albans; 73 miles of waterbound macadam road in Barre; 6.81 miles of gravel road in Dorset, and 6.76 miles of gravel road in Mt. Tabor and Danby.

The Truman Waite blueberry patch in Bennington was patronized Sunday by 365 persons, the largest number on record for one day, which was the opening day of the picking season. As Mr. Waite gets 50 cents a head for pickers, he did a fairly good business. He estimates that between 6,000 and 7,000 quarts were picked that one day. Mr. Waite does not open his entire field to the public, but reserves the best portions for himself, from which he supplies the public. One Bennington fruit dealer states that he has before now purchased in one season from Mr. Waite 5,500 quarts of blueberries.

Black a Candidate for Renomination. Harry A. Black, secretary of state, has announced that he will be a candidate for nomination for the present office and, if nominated, be candidate for re-election to the office in which he is now completing his first term of two years. It has been the custom for years to allow the same man to hold the office for eight years, so there is little likelihood of Mr. Black having any opposition. When elected he had a little in Walter Farnsworth of Rutland. Mr. Black's efficiency stands well with the rest of the state officers and favorable comment is generally heard upon the way in which he has conducted his office.

KILLED BY FORMER SUITOR.

Mrs. Mary McElroy of Providence Shot Dead Yesterday.

Providence, R. I., July 28.—Mrs. McElroy of this city was shot and instantly killed on Pine street yesterday afternoon by her suitor, Thomas Gallucci of Pawtucket, during a quarrel in which the woman refused to do his bidding. Gallucci was disarmed as he held his revolver to his head to kill himself and was delivered to the police. The man said that his intended bride married another man last week.

PESKY BED BUGS

(Pesky Bed Bugs) P. D. Q. is a new chemical that puts the everlasting to the pesky bedbugs, roaches, fleas, ants and cockroaches. It is impossible for the pesky devils to exist where P. D. Q. is used.

Recommendations of Hotels, Hospitals, Railroads and other public institutions are a guarantee to the public that the safest, quickest and most economical way of getting the pesky insects is by the use of P. D. Q. as this chemical kills the eggs as well as the live ones, and will not injure the clothing.

A 5c package makes a full quart, enough to kill a million bedbugs, roaches, fleas, ants and cockroaches. It is also available in 25c and 50c packages.

RANDOLPH

Mrs. J. M. Thompson, who is passing a few weeks with her parents, Mr. and Mrs. A. J. Foster, has been in Norwich this week, returning here on Tuesday for a longer stay.

Mrs. Martin Tewksbury is at York beach, where she has been for years through the summer season.

Mr. and Mrs. George Waters have returned from a month's stay in the Adirondacks, and, after a short stop, will go to Brattleboro and from there to Newfane and towns in that vicinity.

G. W. Patterson, after a year's stay in the far west, returned home on Tuesday, very glad to be in Vermont again. Supt. Patterson will at once resume his station as superintendent of the schools in the Orange southwest district, which Mrs. Patterson has filled during his absence.

Edwin Goodwin is passing a 10 days' vacation here from his work in Medford, Mass., and will probably return to resume his work this week. Fred Goodwin, a brother, is now in Virginia, but will come north before very long. The latter is traveling for a company with which he is affiliated.

A. A. Wainwright returned from Fair Haven on Tuesday night, having been summoned there by the death of his brother-in-law, Mrs. Wainwright remained over to the funeral.

P. C. Dodge was in Burlington Tuesday to attend a meeting of the Democratic leaders, which was held there.

It is understood that with the expiration of this week, the postoffice at East Brattleboro is to be discontinued, and the work will be done at the local office. Mr. Peavy, who has driven a stage from that place here, for a long time, will also give up his route at the same time.

E. N. Rising, ill from the effects of an operation, is thought to be doing well, although not quite as comfortable Monday.

DROWNED IN OTTER CREEK.

Ralph Grimes, Aged Nine, Had Gone in Swimming Alone.

Vergennes, July 28.—Ralph Grimes, aged nine, was drowned in the Otter Creek near Rock Landing, Ferrisburg, Monday evening while in swimming alone and his body was recovered some time after, about 12 feet from the shore in 12 feet of water by Elson Hagan.

The lad made his home in Vergennes with Mrs. Dolard Richards but was spending his vacation in Ferrisburg with Almer Porters. It is said that the lad was sent for the cows about 4 o'clock Monday afternoon and, as he did not return, a party from the house, where he was staying, started out to hunt for him. His clothing was found near the landing in a boat and a few minutes later the body was found floating in the creek.

His grandparents, Mr. and Mrs. A. A. Grimes of Holbrook, Mass., have been notified of the accident and are expected to take charge of the funeral.

COMMISSIONER'S NOTICE

ESTATE OF FLORA CURTIS BEARD. The undersigned, having been appointed by the honorable probate court for the district of Washington, commissioners, to receive, examine, and adjust the claims and demands of all persons against the estate of Flora Curtis Beard, late of Orange, in said district, deceased, and to cause the same to be paid out of the said estate, I hereby give notice that we will meet for the purpose aforesaid, at the town clerk's office in the town of Orange, in said district, on the 29th day of July and 30th day of August next, from 1 o'clock p. m. until 2 o'clock p. m. on each of said days, and that six months from the 18th day of July, A. D. 1920 is the time limited by said court for said creditors to present their claims to us for examination and allowance.

Dated at Orange, Vt., this 27th day of July, A. D. 1920.

C. OSCAR PEAKE, FRED M. CURTIS, Commissioners. July 28-Aug-21

It Makes Every Forkful of Manure Count for a Bigger Yield

ASK any user of the John Deere Spreader and he will tell you it is the best machinery investment he ever made—not only because it saves hard work and valuable time, but because it makes every forkful of manure count for a bigger crop yield.

Manure goes farther and does more good when you use a John Deere Spreader. You can spread manure evenly, heavy or light—no under-fertilized or over-fertilized spots.

Come in and see this better spreader. Here are a few things about its operating advantages we want to show you.

You get a low down spreader with high drive wheels. It is easy

to load from the front to the rear and because of the high drive wheels and roller bearings it is light draft—a most valuable combination.

No clutches—no chains—few adjustments to cause trouble—and it is extremely simple—only about half the parts that are necessary on the ordinary spreader.

The main working parts are mounted on the rear axle, where they cannot get out of line to cause binding, heavy draft and breakage.

The beater drive is much like the simple triple-gear power. The gears are enclosed and run in an oil bath.

There are so many other good features about this spreader that we want you to see it. You will quickly see why there are so many satisfied users of John Deere spreaders.

Come in the Next Time You Are in Town
